Providing an Education for Tanzania's Children

Sponsoring a Maasai Girl's Education

I have read the material on EfforTZ's website and wish to sponsor a Maasai girl's school education. Assuming no significant changes in my personal financial circumstances, it is my intention to do the following:

1. I will sponsor a Maasai girl's education in the annual amount of _____. A full annual sponsorship is a maximum of \$1,200 based upon present costs.
2. I expect my sponsorship will be for a period of _____ years. A full sponsorship period is a maximum of 8 years (including college but not university).
3. I wish to sponsor a Maasai girl's education but prefer to pay my entire sponsorship in one payment in the amount of _____.

A full sponsorship for 8 years is \$9,600. For a lesser period, the total amount is \$1,200 times the number of years you are expecting to provide a Maasai girl with sponsorship.

You can mail this form and your sponsorship payment to EfforTZ Foundation at:

EfforTZ Foundation
447 Davisville Road
East Falmouth, MA 02536

Thank you so much for your willingness to save a young Maasai girl from a forced marriage and provide her with an education.

In return for your sponsorship, you can expect the following from us: a picture of your sponsored student, two semester progress reports (a secondary school admission or national exam result will constitute a second semester result in certain years), and two letters from your sponsored student a year.

At EfforTZ, we look forward to a rewarding relationship with you and between you and your sponsored student.
